

# PROGRAM 2020

## A GREAT TIME TO INVEST!

As Mitel's Number 1 service partner across a 53 country region, we are experts at what we do. Using our expertise and our vast experience, we have designed a smart program of promotions that specifically address your journey to better services and greater leverage of your investment in Mitel by enhancing functionality, reliability, and performance.

### FREE AUDIT (NO OBLIGATION OR STRINGS ATTACHED)

**You will save over £2000**

Our strength begins with us properly knowing you, your systems, and how you like to work. To thoroughly understand what you have. One of our very experienced solutions experts will deliver a comprehensive audit. An audit is a very valuable learning process that ensures that we are all making informed decisions that are most relevant to you.

### 1 + 2 ON 4SIGHT SUPPORT

#### Your Decision, Our Warranty!

We are often asked why we should be believed when we say we are a better choice than others. Well, we believe that actions speak louder than words, and that is why we are confident in our abilities to the extent we are prepared to offer a 3-year 4Sight support agreement with a first-year break option. Not good enough? Then why not let us discount that year 1 cost by 50% as well. This gives you a great 3 year deal with a 1st year decision warranty. Let our ability speak for itself.

### PASSPORT PROGRAM

#### Want to change providers but facing penalties?

Are you unhappy with your current Mitel Support Provider but are unable to leave due to penalties? We fully appreciate the challenges faced when it comes to placing trust in a new support partner. Take away the wait, the risk, the stress or make the savings. We are offering our new clients the opportunity to move their Mitel support and get up to 6 months 4Sight support completely free of charge. Up to 18 months for the price of 12!
